## INFORMATION ABOUT ADVANCE DIRECTIVES

PFO1276 (R 12/03)

PATIENT I.D.

You have the right under the law to make decisions about your health care. This means that you can accept or refuse medical or surgical treatment at any time. You also have the right to write down your wishes for our staff and doctors to follow while you are at any Covenant HealthCare facility and to choose someone to make these decisions for you if you become unable to do so.

- **Advance Directives:** Written directions explaining what your wishes are regarding your medical care
- **Power of Attorney for Health Care:** This is a form that is filled out, signed by you, and witnessed by three people who are not your family and are not employees or volunteers in a medical facility. This form tells our staff who you have selected to make medical decisions for you if you become unable to make decisions for yourself. The person that you choose is then called your Advocate. If you have not completed a Power of Attorney for health care, our staff will talk to your next-of-kin to make decisions for you if you cannot make decisions for yourself.

If you have any written directions about your medical care, including a Living Will, Covenant HealthCare would like a copy to keep on file so we can follow your wishes. If you would like an Advance Directive/Durable Power of Attorney for health care form to fill out, the staff person discussing this form with you will give you one. If you have questions or need help with the form after reading it, please let your caregivers know.

- Your Advance Directives will be used only in the event that you are unable to make decisions about your medical care due to your illness or injury.
- Advance Directives are very useful for doctors, hospital staff, and your family and friends. However, they are not necessary in order for you to get treatment.
- You will not be discriminated against and will continue to receive care whether or not you have signed an Advance Directive.
- Covenant HealthCare will follow your Advance Directives in the form of a Temporary Advance Directive until we receive a copy of your Advance Directive to place in your medical record.

**IMPORTANT:** We examined and treated you today on an emergency basis only. This was not a substitute for, or an effort to provide, complete medical care. In most cases, you must let your doctor check you again. Tell your doctor about any new or lasting problems. We cannot recognize and treat all injuries or illnesses in one Emergency Department visit. If you had special tests, such as EKG's or X-rays, we will review them again within 24 hours. We will call you if there are any new suggestions. You also may have been referred to a specialist. Some insurance companies require a referral by your doctor. Please contact your primary care physician to make further arrangements. After you leave, you should follow the instructions below.

You were treated today by HARRY FREDERICK, DO.

**THIS INFORMATION IS ABOUT YOUR FOLLOW UP CARE**

Call your doctor if you do not get better. Call sooner if you feel worse. You can reach your doctor by calling their clinic phone number.

**THIS INFORMATION IS ABOUT YOUR DIAGNOSIS**

TODAY YOUR DIAGNOSIS IS: multiple contusions following a pedestrian-car accident

**Do the following:**

- followup with your own doctor as necessary

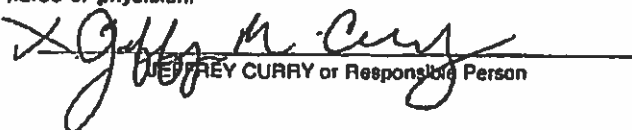

**Call your doctor if you have:**

- any new or severe symptoms.

**YOU ARE THE MOST IMPORTANT FACTOR IN YOUR RECOVERY.**

Follow the above instructions carefully. Take your medicines as prescribed. Most important, see a doctor again as discussed. If you have problems that we have not discussed, call or visit your doctor right away. If you cannot reach your doctor, return to the Emergency Department.

"I have received this information and my questions have been answered. I have discussed any challenges I see with this plan with the nurse or physician."
